Pallet Jack

It's time to find a better way to get the job done.

The revolutionary iJack-40 is a lithium-ion pallet truck designed for maximum productivity and value.

The compact design of the iJack-40 makes a perfect choice for lift-gate delivery fees, store deliveries, while the robust design tackles heavy duty warehousing applications. Throw in the RAVAS scale system and you have the ultimate weigh on the go efficiency.

BENEFITS

- Completely wireless through Bluetooth technology
- Ergonomic-Friendly
- Lithium-Ion Battery Packs
- Easy to Maneuver in Tight Spaces
- Digital Calibration
- Can lift, move, and weigh product up to 4,000 lbs.
- Electromagnetic brakes for excellent stopping power
- Forks are 3.2" off the ground, meaning our units will work with many types of pallets
